Location - Gachibowli, Hyderabad.

## Education

### JB institute Engineering And Technology

#### Mechanical Engineering | B-Tech

07/2018 - 12/2021 - HYDERABD

CGPA - 7.01

### Vivekananda Group Of Institutions

#### Mechanical Engineering | Diploma

07/2015 - 05/2018 - HYDERABAD

CGPA - 7.45

### SSC

#### TSWREIS(TS GOVT)

06/2014 - 03/2015 - MAHABUBABAD

CGPA - 8.5

## Projects

11/2022 - 05/2023 HYDERABAD

### Trainee | Full Stack Developer

#### NSE TalentSprint

I led the development of a feature- Virtual Tour Guide Web Application, showcasing my expertise in full stack development, UI/UX design, and database management. I built the application from scratch, integrating front & backend components for a seamless user experience. Key accomplishments include designing registration page, developing a secure login page with database verification, and implementing redirect functionality for optimized user navigation. Throughout the development process, I utilized Angular for the frontend interface & Spring Boot for efficient backend operations And REST API'S. The application relied on the MySQL database system for reliable data storage and retrieval. In addition to my technical contributions, I actively participated in agile software development ensuring high quality design and implementation. I have a strong command of Java and JavaScript, with excellent debugging and optimization skills. As a Tour Guide and Full Stack Developer, I have proven my ability to contribute to cutting-edge web applications.

## Profile

Skilled Full Stack Developer trained in Java, Spring Boot, and frontend technologies with 6 months of Training. Proficient in crafting cutting-edge web Design, implementing robust solutions, and delivering seamless user experiences. Possessing certification as a JAVA Full Stack Developer, I am eager to contribute my expertise to your organization's success. I would like to connect with you to explore ways in which I can contribute to the growth and success of your business.

## Trainee Experience

11/2022 - 05/2023 HYDERABAD

### Trainee | NSE TalentSprint

In My training, I gained hands-on experience working on various projects and honing my skills in web development. I collaborated with a team of experienced developers to develop and maintain web applications using technologies such as Java and Spring Framework. During this time, I contributed to the development of responsive and user-friendly web interfaces, implemented new features, and resolved technical issues. I also participated in code reviews and followed industry best practices to ensure the delivery of high-quality code. Overall, my training experience provided me with practical knowledge and a solid foundation in web development.

## Technical Skills

- Experience in have working knowledge on Java and core java concepts
- Hands on practical experience with Java full stack development
- Experience in knowing OOP concepts,
- Collections, Exception handling and JSP
- Multithreading and synchronization
- Experience with modern JavaScript With Angular framework, HTML, CSS
- Experience with JSON, RESTful API'S
- Hands on Experience on MySQL, JDBC
- Experience with Spring Boot, Visual studio
- Good Understanding of Git, Postman

## Hobbies

physical Workout, travelling, listening songs.
